

## LABELLING A PLANT

### TASK 1:

Watch this video

<https://www.bbc.co.uk/bitesize/topics/zy66fg8/articles/zcjinp39>

Label each part of the plant in the box and write down what job each part does

petal      leaf      flower      stem      root

## LABELLING A PLANT

### TASK 2:

Watch this video about what plants need to grow and live  
<https://www.bbc.co.uk/bitesize/topics/zy66fg8/articles/zcmtk2p>

**Create your own plant which grows on the island in The Tempest. Make it as imaginative and magical as possible**

Remember it needs

- petals
- leaves
- flower
- stem
- root

**BUT WHAT THESE LOOK LIKE ARE ENTIRELY UP TO YOU- THINK ABOUT SHAPE/COLOUR/SIZE....**

**Label how and where it gets what it needs to grow and survive (e.g.you might put a rain cloud in your drawing to show that's where it gets water from)**
