

MATHS
YEAR 3
STATISTICS

NC. Objective: To interpret and present data using bar charts, pictograms and tables.

1. Elsinore Castle's chef recorded the types of meals served in one week. Here are the results:

- a) How many meals of each type were served?
b) How many meals were served altogether?
c) Which type of meal was the most popular?
2. Hamlet recorded the number of pages he read each day.

Monday: 20 pages
Tuesday: 15 pages
Wednesday: 25 pages
Thursday: 10 pages
Friday: 30 pages

Create a pictogram to show the number of pages read.

Use  to represent 5 pages.

3. Hamlet and Laertes practiced sword fighting. Their scores are in this table:

Day	Hamlet	Laertes
Monday	12	8
Tuesday	13	9
Wednesday	15	12
Thursday	15	14

- Draw a bar chart comparing their points.
- On which day did Hamlet score the most points?
- How many more points did Hamlet score compared to Laertes on Thursday?
